Report of the BOARD OF SELECTMEN

To the Citizens of the Town of Sandwich:

The Town has been wrestling for the past few years with the double problem of rapid growth and constraints on the budget caused by the provisions of Proposition 2 ½.

At the state election in November our citizens voted to exclude debt which was incurred prior to the start of Proposition 2 ½. This gives the Town adequate resources to fund the FY '86 and FY '87 budgets for which we are most grateful.

The growth of population is very worrisome to the Selectmen. We feel that we are very fortunate to own almost 2,000 acres of land. We wish that the budgetary constraints were not as severe as they are so that we could purchase more land on the open market. Although zoning, agricultural restrictions, conservation restrictions and open space abatements can help, the only truly effective control is ownership of the land. To this end a joint committee of various board members has been formed with the charge of completing our open space plan so that we can compete in the next round of state land acquisition grants which is expected next August.

With our growth in population we are now facing a problem in the size of our school population. We perceive a need for additional classroom space within the immediate future, and to this end you will be requested to approve a school building committee at the forthcoming annual meeting.

The marina project is moving, it's very slow, but it is moving. Through the efforts of Selectman Joan Russell the Town has been allocated \$600,000. of state construction money to more efficiently use the existing harbor space. We are advised that the state anticipates starting construction in the fall of 1985.

Disposal of solid waste is a continuing problem, and to this end Selectmen Bruce Stanford is working diligently with the County Solid Waste Committee in an effort to bring the SEMASS proposal to our voters. This solution, while expensive, appears to be our best and possibly our only long-term solution.

Lastly, the Board of Selectmen would like to thank all the elected and appointed officials of Sandwich for their efforts in helping to maintain the quality of life in Sandwich.

Respectfully submitted,

H. Eugene Carr, Chairman
Bruce H. Stanford

Report of the BOARD OF ASSESSORS

The painfully long process of revaluating the Town of Sandwich was finally and successfully completed in May of 1984, and the new full and fair value of the Town, as of January 1, 1983, was certified by the Department of Revenue at \$632,244,260, a 62% increase over the 1977 valuation figure. The completion allowed the issuance of FY '84 tax bills which were mailed on June 6. Since the Town's levy capacity is fixed by Proposition 2 ½, the overall increase in value produced a corresponding decrease in the tax rate from \$17.31 to FY '83 to \$11.63 in FY '84, a reduction of \$5.68 per thousand.

Growth in Sandwich continues to occur rapidly. Tax bills for FY '85 were based on an increased value of \$644,269,936, as of January 1, 1984, representing over 12 million dollars of value in growth for the preceding calendar year. The impact of the library expansion project, which was bonded outside Proposition 2 ½, was evident in the FY '85 tax rate which, with an allowance for a 2 ½ % levy increase and other adjustments, rose to \$12.15.

Much of the delay in the recently completed revaluation procedure was due to a major change in methodology from a manual to a computer process. Key punching errors and tape conversion problems significantly slowed the operation. However, the new practice of entering assessing information onto a computer tape and programming the process of obtaining value should greatly facilitate

the work of revaluation in the future. It should, moreover, greatly assist the Town in complying with the state requirement of certification of assessed value at full and fair cash value every three years.

In an attempt to further improve the new, computer-assisted, assessing process, the Board of Selectmen has appointed a computer study committee which will consider not only the procedures of assessing, but also the other functions of town government to determine what improvements can be made through additional, computer assistance.

The demands upon the assessing department, of course, grow heavier as growth continues. Every new subdivision, every new home, every building alteration or addition impacts on the work of the assessor. It is our hope that the work of the computer study committee will yield improved techniques for more efficiently handling the ever-expanding duties of the department.

Respectfully submitted,

Bruce H. Stanford, Chairman

Report of the TOWN ACCOUNTANT

To the Honorable Board of Selectmen:

In accordance with Chapter 41, Section 61 of the Massachusetts General Laws, I herewith submit my thirteenth annual report covering the fiscal year July 1, 1983 to June 30, 1984.

I would like to thank the Board of Selectmen and the various departments of the Town for their cooperation during the past year.

Respectfully submitted,

Nancy J. Laffoon

ARTICLE 30 - To see if the Town will vote to amend the Sandwich Zoning Bylaws, or act in relation thereto, by revising Section 4900 as follows:

Delete all of Section 4900 DEVELOPMENT SCHEDULING and replace with revised Section 4900.

4900 Development Scheduling

4910 Applicability

Section 4900 applies to the issuance of building permits for new dwelling units that are located in one of the following:

- (1) Subdivisions approved after May 1, 1979.
- (2) A subdivision made subject to Section 4900, by means of a covenant, which will ensure that the subdivision is protected from changes in zoning for the life of the covenant.
- (3) A multi-family development.

The covenant necessary for a subdivision plan to comply, with subsection 4910 (2), is Form J of the Sandwich Subdivision Rules and Regulations.

4920 Activation

If permit issuance will result in 400 or more building permits for new dwelling units, having been authorized town-wide within a twenty-four month period, permits shall only be issued in accordance with Section 4930.

4930 Development Scheduling Options.

- (1) A Development Schedule may be approved by

the Planning Board. This Schedule will state, on a lot-by-lot basis, the date on which a particular lot becomes eligible for issuance of a building permit; or the date of which a particular dwelling unit of a multi-family development becomes eligible for issuance of a building permit. This Schedule will take the form of a covenant (Form J of the Sandwich Subdivision Rules and Regulations) and will be recorded with the subdivision plan which creates the lot, or the Special Permit authorizing the multi-family development. Planning Board approval, of a Development Schedule, shall be granted provided that:

- a. In the first twenty-four months, the schedule allows not more than 20% of the lots in the subdivision to be built on; or 20% of the dwelling units in the multi-family development to be built.
- b. Each year thereafter, the schedule permits not more than 10% of the subdivision lots to be built on; or 10% of the dwelling units in the multi-family development to be built.

This option allows the developer to accumulate lots, or dwelling units, during the life of the covenant. The developer does not have to build within the year that the lot or dwelling unit becomes eligible.

Properties, subjected to a development schedule, shall be protected against zoning changes which would otherwise effect the property, for a period of time, after the property is free to be built on, in accordance with the covenant, equal to the time within which any lot within the subdivision, or a dwelling unit within the multi-family development, remain subject to the covenant.

- (2) If there has been no development schedule approved for a particular subdivision, and the Planning Board authorization level of Section 4920 has been reached, no building shall be permitted in any subdivision, except to the following extent:
 - a. Twenty lots of a subdivision; or 20% of the total number of lots of the subdivision; may be built on within any twenty-four month period without restriction. This restriction shall apply to lots shown on any subdivision; or lots shown on a contiguous subdivision; or parcel owned in common ownership after May 1, 1979.
 - b. On parcels of land approved for multi-family developments, twenty dwelling units; or 20% of the total number of units approved for the parcel; may be built on in any twenty-four month period, without restriction.
 - c. A parcel of land or subdivision which otherwise qualified to be built on for single family dwellings, or multi-family dwellings, may only be

built on to the extent that the combined activity does not result in more than twenty dwelling units; or more than 20% of the total number of dwelling units permitted, on the parcel, being built within any twenty-four month period.

VOTED - That the Town amend the Sandwich Zoning Bylaws by revising Section 4900 as printed in the Warrant under Article 30.

ARTICLE 35 - To see if the Town will vote to act in accordance with Chapter 644 of the Acts of 1981, "An Act authorizing municipalities to regulate parking areas for the vehicles of disabled veterans or handicapped persons", and amend the Sandwich Town Bylaws by adopting the following as Section 5 under Article IV of the Traffic Rules and Orders:

Section 5. Handicapped Parking.

a. Any person or body that has lawful control of a public or private way or of improved or enclosed property used as off street parking areas for businesses, shopping malls, theatres, auditoriums, sporting or recreational facilities, cultural centers, residential dwellings or for any other place where the public has a right of access as invitees or incensees, to reserve parking spaces in said off street parking areas for any vehicle owned and operated by a disabled veteran or handicapped

person whose vehicle bears the distinguishing license plate authorized by Section two of Chapter ninety, according to the following formula:

If the number of parking spaces in any such area is more than fifteen but not more than twenty-five, on e parking space, more than twenty-five but not more than forty, five percent of such spaces, but not less than two; more than forty but not more than one hundred, four percent of such spaces, but not less than three, more than one hundred but not more than two hundred, three percent of such spaces, but not less than four, more than two hundred, but not more than five hundred two percent of such spaces by not less than six; more than five hundred but not more than one thousand one and one half percent of such spaces but not less than ten; more than one thousand but not more than two thousand one percent of such spaces but not less than fifteen, more than two thousand but less than five thousand three-fourths of one percent of such spaces but not less than twenty, and more than five thousand, one half of one percent of such spaces, but not less than thirty.

b. Parking spaces designated as reserved under the provisions of paragraph (a), shall be identified by use of above grade signs with white lettering against a blue background and shall bear the words "Handicapped Parking: Special plate required. Unauthorized vehicles may be removed at owner's expense", shall be as near as possible to a building entrance or walkway; shall be adjacent to curb ramps or other unobstructed methods permitting sidewalk access to a handicapped person; and shall be twelve feet wide or two eight foot wide areas with four feet of cross batch between them.

No person shall leave unauthorized vehicles within parking spaces designated for use by disabled veterans or handicapped persons as authorized by this Bylaw or in such a manner as to obstruct a curb or ramp designated for use by handicapped persons as a means of egress to a street or public way.

The penalty for violation of this Bylaw made hereunder shall be as follows. For the first offense, fifteen dollars, for the second and subsequent offense (es), twenty-five dollars. Any such vehicle may be removed according to the provisions of Sec. one hundred and twenty D. of Chapter two hundred and sixty-six.

This Bylaw shall take effect July 1, 1984. The enforcement agent shall be the Chief of Police or any officer designated by him.

The Chief of Police shall notify in writing, the owner or person in charge of any parking lot who is not in compliance with the Bylaw. If said parking lot is not in compliance within thirty days of receipt of such notification, a fine of ten dollars a day shall be

levied for each day the non-compliance continues.

ARTICLE 43 - To see if the Town will vote to hear and accept the Report of the School Building Needs Committee appointed at the 1983 Annual Town Meeting if any thereby and to recommit the study to them, or take such other action thereon.

Mr. Farren read the following report of the School Building Needs Committee:

"The immediate and most important task of the Sandwich School Building Needs Committee is to determine if "this is the year" to recommend to the Town the formation of a School Building Committee.

From the time a School Building committee is formed (assuming no unforeseen problems) to the delivery of a school building for occupancy would require an active committee three years of work.

The crux of the situation is the population increase in Sandwich and the percent of school enrollment that would develop from that increase. Working with all available information and charts developed from that information, we conclude that 1984 is not the year to recommend formation of a School Building Committee. We also note that the situation is so close to a recommendation that it must be monitored throughout the year and following years."

UNANIMOUSLY VOTED - That the Town accept the report of the School Building Needs Committee and recommit the study to them, continuing the Committee until the next annual Town Meeting.

ARTICLE 44 - To see if the Town will vote to accept the following as Section 2 of Article XXIII of the Sandwich Town Bylaws; or do anything relative thereto.

"Whereas the U.S. supported governments of El Salvador, Honduras, and Guatemala routinely and methodically deprive the vast majority of people in those countries of basic human rights,

Whereas Central America's economic and social problems cannot be solved by warfare,

Whereas military aid currently supplied to Central America threatens to engulf the region in war and

creates antagonism towards the U.S.,

And Whereas the billions of dollars being spent for military purposes in Central America are vitally needed for the social and economic well being of our citizens on national and local levels,

Be it resolved that the Town of Sandwich in the Commonwealth of Massachusetts favors a negotiated settlement to the current conflicts in Central America, and

Opposes the use of our tax dollars for military aid to El Salvador, Honduras, and Guatemala or for any covert or overt military aid aimed at destabilizing the government of any Central America country, and

That this resolution be conveyed by the Moderator of the Town Meeting to President Ronald W. Reagan and to our representatives in the Senate and House of Representatives of the United States of America.

This Article was discussed in length by a great number of people.

ANNUAL TOWN MEETING

Continuation - May 14, 1984

Town Meeting was reconvened on Monday, May 14, 1984 and called to order by the Moderator at 7:50 P.M.

Upon ascertaining that a quorum was present, the failure of the referendum to pass left the Town with no budget, and the meeting went to Article 4.

ARTICLE 4 - To hear the report of the Finance Committee and to raise and appropriate a sum not to exceed \$8,278,075.36 to defray Town expenses for the fiscal year July 1, 1984 to June 30, 1985. The amount stated herein shall not be exceeded except upon the reduction of a corresponding amount from elsewhere within the budget, or do anything relative thereto.

REMARKS: Due to the failure of the exclusion of debt referendum a budget decrease of \$196,009 was mandated. Responding to this mandate the Finance Committee and the Board of Selectmen submit the following plans for consideration:

PLAN I	PLAN II
\$109,000 School	\$109,000 School
38,000 Police	18,000 Police
37,364 Library	37,364 Library
6,075 Highway	6,075 Highway
1,570 Engineering	1,570 Engineering
4,000 Veterans Account	4,000 Veterans
\$196,009 Total	10,000 Health and Sanitation
	5,000 Street Lights
	2,500 Conservation
	Commission
	2,500 Park Department
	\$196,009 Total

The Finance Committee then moved and this motion was seconded that the Town raise and appropriate a sum not to exceed \$8,278,075.36 as printed in the Warrant and as reduced by Plan I.

Mr. Farren made a motion to amend Article 4 to completely delete a sum of \$69,699 from the 1984-85 Town of Sandwich Budget as voted by 1984 Town Meeting to be taken from 16 Town Departments. (Upon being told that the whole \$196,009 should be accounted for) he added to the first sixteen accounts to delete \$126,310 from seventeen additional accounts.

The motion was seconded. Several speakers asked about specific accounts and these were discussed. Several urged that the amendment be turned down, some speaking against Plan I. It was pointed out that some items were mandated and could not be cut as indicated, the Finance Committee and Selectmen had taken these into account.

Mrs. Feigenbaum made an amendment to the amendment to cut an additional \$14,000 from the law account, adding \$10,000 to the Library account and \$4,000 to the Tree Warden account as provided in the amendment. This amendment failed to be seconded.

Further discussion continued. Mr. Farren reintroduced the amendment to the amendment, to cut an additional \$14,000 from law account, \$10,000 to be added to Library and \$4,000 to Tree Warden account. This was seconded and FAILED TO CARRY by voice vote.

After more discussion on varying items, the amendment was voted upon and FAILED TO CARRY by voice vote.

Mr. Whearty made the motion to amend the main motion to substitute Plan II for Plan I. This was seconded. There was considerable discussion on this amendment.

Mr. Carr moved to fix the method of voting to vote by secret ballot on this amendment and this was seconded.

Tellers were appointed - Marius Jansen, Jack Raymond, Chester Cross, Walter Fagnant, Nancy Fleet, William Chase and Ted Dingley. A standing vote on fixing the method of voting was 202 for a secret ballot and 389 against.

Mrs. Feigenbaum made an amendment that we reduce all departments by 2½%. This was ruled out of order, and a vote was taken on the amendment to substitute Plan II for Plan I in the main motion. By standing vote 365 - YES, 185 - NO.

Mr. Fagnant made the motion to amend Plan II that all budgets be cut by 2.3% or whatever it takes, all

portions of those budgets not mandated by law, to effect the \$ 196,009. This was seconded and after discussion was DEFEATED UNANIMOUSLY by voice vote.

Indefinite postponement of Article 4 with the recommendation to the Selectmen that they have another referendum vote on the debt exclusion was voted down. This motion was made by Carol McManus.

Mr. Fleet on the Finance Committee pointed out emphatically that the Finance Committee had done their very best and no amount of looking would produce anything they felt was better.

After some further discussion, the motion made by the Finance Committee as amended by substituting Plan II for Plan I was voted and CARRIED by voice vote.

The motion was made and seconded that the meeting be dissolved and so voted.

Meeting adjourned at 10:10 P.M.

I hereby certify that this is a true record of the continuation of the 1984 Annual Town Meeting held on May 14, 1984.

Report of the PLANNING BOARD

To the Honorable Board of Selectmen
and the Citizens of Sandwich:

The past 12 month period has seen a rate of building starts that is unprecedented in the history of Sandwich. This high rate of building has kept the provisions of the zoning bylaw growth control regulations in effect through the year. These provisions limit the number of building permits that can be issued in subdivisions. The effect of these regulations is to spread the impact of rapid growth out over a number of years so as to give the town a better opportunity to cope with it.

During the calendar year 1984, the Board dealt with 35 plans believed to be Approval Not Required, 10 Preliminary Plans and 12 Definitive Plans. In addition, the Board issued opinions to the Board of Appeals on several Special Permit applications.

The year 1984 saw several changes in Planning Board personnel. Miss Nelda Hoxie found it necessary to resign her position on the Board in June. Her position is now being filled very capably by Mr. Edgar Brenc of Captain Town Road in East Sandwich. Also during the year the Board accepted with regret the resignation of Mrs. Alice Maito who had served the Board for several years as Secretary and Office Manager. We were very fortunate to obtain the services of Mrs. Kathleen Pond to fill the position of Officer Manager for us.

The Engineering Department, Town Engineer William Taylor and Assistant Richard LeClerc have continued to supply the Board with their invaluable technical knowledge and expertise. We would find it difficult indeed to function without them.

Respectfully submitted,

Robert A. Burgmann, Chairman
Sandwich Planning Board

Report of the INSPECTOR OF BUILDINGS

To the Honorable Board of Selectmen
Sandwich, Massachusetts

The total number of single family dwellings for 1984 numbered 333. In addition, there were 14 multi-family dwelling units and 4 two family units, an increase of 48 units over the 1983 total.

Estimated value of construction was \$25,101,000 compared to \$19,970,000; an increase of \$5,131,000. Stove permits for 1984 numbered 58, a decrease of 10.

1984 Permits issued are as follows:

		Estimated Cost
Houses	333	\$19,560,000.00
Cabins	6	40,000.00
Two-family	4 (8 units)	496,000.00
Multi-family	2 (14 units)	840,000.00
Additions/Alterations	130	1,092,275.00
Garages	27	154,500.00
Stoves	58	
Signs	23	
Sheds	37	24,230.00
Commercial	5	1,165,000.00
Addition to Commercial	7	1,580,000.00
Pools	18	144,000.00
Solar	1	5,000.00

Total estimated cost ---- \$25,101,005.00

Fees collected for 1984 \$39,954.00

A total of 571 permits were issued in 1984, excluding stoves, signs and certificates of inspection, an increase of 95 permits over 1983.

Respectfully submitted,

Roland F. DeConto
Building Inspector

Report of the PLUMBING INSPECTOR

To the Honorable Board of Selectmen
Sandwich, Massachusetts

During the calendar year of 1984, 430 plumbing permits were issued. There were 946 inspections made of plumbing installations during their various stages of progress. Minor corrections were required on 8 of these. Final inspection corrections were required on 57 homes.

Three hundred sixty-nine (369) permits were issued for new Disposal Works Construction. Seven Hundred Twelve (712) on site inspections were made of these installations, two of which required corrections.

The continued co-operation of licensed installers is appreciated by the Board of Health and the inspection office.

We wish to thank everyone that has worked with, and assisted us during the past year, including Tony Martin, Conservation Lands Manager, the Town Engineers Office, Highway Department, Selectmen's Office and our office staff.

Respectfully submitted,

Herbert A. Hamlen
Plumbing Inspector

Walter T. Fagnant
Deputy Plumbing Inspector

Report of the **BOARD OF APPEALS**

To the Honorable Board of Selectmen
and Citizens of Sandwich, Massachusetts

The Sandwich Appeals Board meet regularly on the second and fourth Tuesday of each month.

Fifty hearings were advertised during the year 1984. The results of these are as follows: (34) Special Permits were granted. (2) Special Permits were denied (2) Variances were granted (3) Variances were denied (2) Applications were turned down without prejudice (3) Applications were withdrawn (1) Appeal of the decision of the Building Inspector was upheld. (1) Appeal of the decision of the Building Inspector was upheld in part (1) Transfer of the ownership of a Special Permit was granted.

Peter Closson was appointed as an alternate to the Board after many years of faithfully serving as a regular member of the Board.

We will miss Lucian Colucci, an alternate to the Board, who died recently. We extend our sympathy to his family.

The Board recognizes the valuable services given to the town by both of these men.

We also wish to thank those who assist us in carrying on the business of the Board; Judy Hendy who records the minutes of our meeting. Elaine Dwyer, Betty Costa and Linda Herbaugh, the secretaries in the Building Inspector's Office who are our contacts with the general public and who also do our secretarial work.

Report of the **WIRE INSPECTOR**

To the Honorable Board of Selectmen
Sandwich, Massachusetts

During the calendar year 1984 inspections were made on 333 single family dwellings, 22 multi-family units, 163 alterations to existing buildings and 18 inground swimming pools.

Permit fees were collected and paid to the Town Treasurer in the sum of eight thousand, four hundred and ninety dollars (\$8,490.00).

During this past year I have traveled 4,169 miles to complete these inspections.

I would like to thank Betty Costa and Linda Herbaugh for their patience and organization during this busy year.

Respectfully submitted,

Victor M. Devine
Inspector of Wires

Report of the Sealer of **WEIGHTS AND MEASURES**

To the Honorable Board of Selectmen
Sandwich, Massachusetts

Testing and sealing procedures were conducted during 1984 in thirty-seven (37) places of business in the Town of Sandwich. These procedures were conducted under the Laws of the Commonwealth of Massachusetts as required by the Town of Sandwich. Various types of measuring devices were checked for accuracy and condition. Those that met the standards set by the Commonwealth of Massachusetts were sealed; some were adjusted to meet standards and were then sealed; others were referred to manufacturer's service departments for needed repairs; and a few were condemned and so marked.

The most frequent complaints from consumers dealt with claimed shortages in cords of wood and cubic yards of bark mulch. These cases were amicably settled without requiring court action.

The sum of \$971.00 obtained in fees during 1984 was submitted to the Town Treasurer.

Respectfully submitted,
Francis W. Dinan
Sealer of Weights and Measures

Report of the **TOWN ENGINEER**

To the Honorable Board of Selectmen
Sandwich, Massachusetts

The Engineering Department has found the past year in Sandwich to be one of unbelievable growth and development. It seems that we have been inundated with requests for information about land, plans, maps and interpretation of Planning Board Subdivision Regulations. The increase has also caused a sharp rise in the number of plan reviews that must be done by the department and also the number of bond and driveway inspections required. The work normally done for the Board of Assessors, Planning Board, Board of Appeals and Conservation Commission has also increased proportionally with this rapid development cycle.

The Human Services building was begun and the Engineering Department did the layout of the building and the sanitary facilities design and the site and parking lot design.

Again we want to thank all the Town Departments and the citizens of Sandwich for their support and assistance.

William C. Taylor, R.L.S., P.E.
Town Engineer

however, plans to install gas lines in the area have been made by the Gas Company, and I felt it would be financially beneficial to wait until the Gas Company completed their work.

The Highway Department in conjunction with the Water District completed some major reconstruction work on Artisan Way and various other roads in this general area.

Through much correspondence and good communication we were able to receive monies from the State to construct a well needed "salt-shed". The "salt-shed" is presently under construction.

As part of a concerted effort by many people in the Town, the crew of the Highway Department did extensive excavation work in preparation for the new Human Services Building.

A special thank you to the Conservation Department, the Engineering Department, and also the Water District for their tremendous assistance with snow removal.

The cooperation and support of the citizens and other town departments in the past year are greatly appreciated by this department.

Respectfully submitted,

James L. Crocker,
Highway Surveyor

Report of the **HIGHWAY SURVEYOR**

To the Honorable Board of Selectmen
and the Citizens of the Town of Sandwich:

I submit my annual report for fiscal 1984-1985. The following works were completed during this period.

Approximately five miles of road were reconditioned with oil and sand cover. Also, patching, brushing and road resurfacing was done as part of general road maintenance.

It was my intention to do some reconstruction and resurfacing this past year in the Town Neck area,

Report of the **POLICE DEPARTMENT**

To the Citizens of the Town of Sandwich:

As Chief of Police, I respectfully submit my annual report for 1984.

1984 was a busy year for the Sandwich Police Department. Total complaints investigated numbered 5905.

Breaking and entering, one of our more serious problems, decreased to 72 from 78 in 1983. 181 larcenies were investigated, up from 171 in 1983. One armed robbery was investigated. For the first time in recent years no rapes were reported during

the twelve month period. 143 cases of vandalism, a continuing problem, were investigated, up from 123 in 1983. Other criminal investigations included assault, 24, down from 29 in 1983, and auto theft 17, up from 11 in 1983. 17 drug violations and 6 arsons were investigated, along with 10 offenses against family. The remaining complaints were of a minor or service complaint nature.

Of the 5905 complaints, Sandwich village accounted for 2539, South Sandwich 1503, East Sandwich 1257, Forestdale 581 and Sagamore Beach 25.

2443 complaints were received between 4:00 P.M. and 12:00 M., 2323 were recorded between 8:00 A.M. and 4:00 P.M., and 1139 between 12:00 M and 8:00 A.M.

Wednesday was the busiest day with 920 complaints, followed by Saturday 897, Friday 890, Monday 858, Thursday 843, Tuesday 779 and Sunday 718.

A total of 309 arrests were made by members of the department, down from 346 in 1983. 101 inebriated persons were taken into protective custody and later released or transported to a detoxification center.

Continuing the department's policy of strict enforcement of the motor vehicle laws, 2038 citations were issued, of which 712 required court action and 1326 were written warnings.

220 motor vehicle accidents were investigated, up from 174 in 1983. One person died as the result of an accident in 1984.

Officers investigated 906 citizen reports of suspicious persons, vehicles or incidents, answered 683 burglar and holdup alarms, all but one of which were false, served 242 summonses and relayed 1394 calls to the Dog/Conservation Officer from the Police Communications Center.

Continuing its intensive housecheck program, the department's members made 7039 checks of vacant homes. 187 homes and businesses were found open by officers during security checks.

Assistance rendered numbered 1306, 598 to the Fire Department and ambulance, 168 to other law enforcement agencies and Town departments, 18 to mentally disturbed persons, 64 to homeowners, 126 to disabled motorists, 155 escorts, 63 civil matters, 3 medical assists and 111 dog and conservation calls were handled by the police.

48 Firearms ID cards were issued, along with 113 pistol permits.

\$10,236.80 was turned over to the Town

Treasurer from the sale of gun licenses, copies of police reports sold to attorneys and insurance companies, auction of found and surplus property and rentals on the police alarm board and alarm service fees.

I would like to take this opportunity to thank the citizens of Sandwich, the Board of Selectmen and other Town departments and boards, other law enforcement agencies, and, of course, my own officers, for the assistance and co-operation they have shown me during the year.

Respectfully submitted,

Robert D. Whearty
Chief of Police

Report of the FIRE DEPARTMENT

Honorable Board of Selectmen

The Sandwich Fire Department responded to a total of 1,749 calls during calendar year 1984. This shows an increase of 214 runs over the previous year. The Ambulance accounts for nearly 50% of the calls and the remaining number over various phases of the Fire Department operations.

Structural Fires remained approximately the same in number as the previous year, but losses on major fires were down by over 50%.

During 1984 the Ambulance responded to a record number of calls. 836 was the final figure. This is an increase of 118 calls over the previous year. The Fire Department now operates two class one ambulances and one class five ambulance which is very limited to what it can be used for.

We now have 3 Nationally Registered Paramedics in the Fire Department and hopefully within the

next six months we will have four more. New laws adopted by the Department of Public Health requires that we have a certain number of paramedics on duty or available to respond to the more serious calls.

I would like to make my annual pitch about Smoke Detectors. To the families who have put them in their homes - That's great! To those who have not, Please do! It is a proven fact that the can save your lives by giving an early warning if you should have a fire. Also, to those who do not have their house numbers on and visible from the street, please do so. It is a sure way for the department to find your home faster in case of an emergency, especially with all the new construction in town.

The Fire number to call in case of emergency is 888-2323. Any other business can be done by calling 888-0525. Remember, Tot-Finder and Phone stickers are available for you at Fire Headquarters.

658 persons had their blood pressure checked at Fire Department Headquarters this year. Feel free to come in and have yours checked.

Many thanks to all the citizens of Sandwich, The Board of Selectmen, other Town Departments and all Fire Department personnel for their assistance during the year.

Ferdinand L. Alvezi
Chief of Fire Department

Report of the FOREST WARDEN

To the Honorable Board of Selectmen
Sandwich, Massachusetts

The Forest Warden's report for the year 1984 is as follows:

Woods, Brush and Grass Fires	20
(Approximate acreage burned - 14)	
Dump Fires	1
Woods Smoke Investigations	26
Cook Permits Issued	155
Brush Permits Issued	969
Burning Violations	26
Mutual Aid Responses	3

Fortunately the spring and early summer of 1984 was a wet one. The weather was a big factor in keeping brush and grass fires to a minimum. The number of fires responded to was less than the previous year and the acreage was up a little, but there were no major fires in 1984.

969 brush permits were issued in 1984 and the Fire Department had to respond to approximately 15 of these permit fires that got out of control or were left unattended. Make sure that you obtain a permit each time you want to burn and follow the instructions that are given you when you call. Violation of the law can mean no future permits for the offender. The brush burning season is from January 15th through April 30th of each year.

I would like to thank any and all persons, Town Departments and Fire Departments that assisted me in 1984.

Ferdinand L. Alvezi
Forest Warden

Report of the **BOARD OF HEALTH**

To the Honorable Board of Selectmen
Sandwich, Massachusetts

The Board of Health respectfully submits the following report for the calendar year 1984.

In an effort to ease the possibility of contamination of the sole source aquifer in the Town of Sandwich, the Board now requires that any building lot, in new subdivisions that are served by wells, be not less than 40,000 sq. ft. and that water wells serving any building lot be not less than 10 ft. from any property line.

The continued testing of the ponds in Sandwich during the high use months has proven the ponds to be well below the coliform limits for swimming areas and the testing of the well at Town Hall indicates that this water supply is below all recommended top limits for drinking water.

The Sanitary landfill area is now open 7 days a week from 7 a.m. to 5 p.m.

Fees received by the Board amounted to \$41,744.00.

Mr. Stetson Hall, Director, Barnstable County Health Department is appointed as County Health Officer for the Cape area and his staff is appointed as health service personnel for Sandwich.

The following are elected members of the Board of Health.

Dennis Earle	term expires 1985	888-2859
Paul Bousfield	term expires 1986	888-2010
Alvin Gibbs	term expires 1987	888-3689

The Board now meets on the 2nd Monday of each month, at the Town Hall Annex, at 7:30 P.M.

Complaints, permits and other business necessary to the Board can be received at the Town Hall Annex from 8:30 A.M. - 4:30 P.M., Monday thru Friday, telephone 888-4200.

The Board thanks all the officials and other Board members for their assistance and suggestions through the year.

Respectfully submitted,

Paul Bousfield, Chairman
Alvin Gibbs
Dennis Earle

Report of the **PUBLIC HEALTH NURSE**

To the Honorable Board of Selectmen
and Citizens of Sandwich

The Town of Sandwich Nursing Agency continues to serve the residents in the geographical area of the Town of Sandwich (Sandwich, East Sandwich, South Sandwich, Forestdale, and Sagamore Beach - the portion of Phillips Road and Sand Castle Drive that belongs to Sandwich.)

The Nursing Agency is a full functioning Home Health Agency, offering skilled nursing care, home health aides, occupational therapy, physical therapy, speech therapy, and medical social work. Other services available are health promotion visits, maternal and child health visits, geriatric counseling, and the blood pressure program. The

services are available to all eligible residents of Sandwich regardless of color, race, sex, age, handicap, or national origin.

The Town of Sandwich Nursing Agency, after three years was again surveyed by the Department of Public Health for recertification. This recertification allows the Agency to participate in the medicare and medicaid program.

Several new regulations have been enforced by the medicare program. Medicare services are given to all eligible medicare recipients in the Town of Sandwich on an intermittent basis for a short period of time. Daily care may be given for a period of three weeks. If the patient condition warrants a longer period of daily care, another set of physician orders are necessary stating so.

As in previous years, the Agency has conducted the conferences (clinics) sponsored by the Town of Sandwich Health Association. The conferences are available to all residents of the Town of Sandwich and include:

1. Well Children Conferences
2. Well Men Conferences
3. Well Women Conferences
4. Preschool physicals for entrance to kindergarten
5. Lead Poison Screening

The Agency's staff, working in conjunction with the Town of Sandwich Board of Health, conducted the annual Flu Clinic for the residents of the Town of Sandwich. Dr. Carlton Baker was the attending physician.

Nancy DellaPosta, R.N., the Part Time Nurse, resigned May 29, 1984. Patricia Rathbun, R.N., was hired in her place. Mrs. Rathbun is a graduate of the Mercy Hospital School of Nursing. She was employed by the Rest Haven Nursing Home before joining the Agency.

The Agency staff, both business and nursing, continue to attend meetings, lectures, and taking courses to increase their knowledge for the betterment of the Agency.

Group of Professional Personnel

The Town of Sandwich Nursing Agency Group of Professional Personnel (G.P.P.) held five regular meetings and one special meeting during 1984.

The 1984-1986 Group of Professionals, appointed by the Board of Selectmen, included many new members: Irene F. Barr, H.H.A.; Thelma I. Burke, Clerk, Nursing Agency; Jane F. Falcione, R.N.; Linda M. Hayden, R.N., Jr./Sr. High School Nurse; Joan M. Lipsett, L.S.W., Elder Services; Patricia A. Rathbun, R.N., Nursing Agency; Steven L. Robinson, D.M.D.; Ronald D. Santos, Fire

Department Paramedic; Evelyn E. West, R.N., C.O.A. Representative.

At the September meeting, Susan R. James was elected Chairperson, and Susan M. Miller, Vice Chairperson of the G.P.P. Marilyn Myers continues as G.P.P. Secretary.

The G.P.P. extends thanks and appreciation to outgoing members: David R. Currier, Helene A. Fisk, and Ellen G. O'Neil.

The following members resigned after many years of dedicated service and the G.P.P. would like to extend special recognition to them at this time: Kathleen S. Currier (8 yrs.), Janet E. Davis (13 yrs.), and Hazel Keith (15 yrs.).

Report of the

SOLID WASTE COMMITTEE

To the Citizens of the Town of Sandwich:

Extensive study of solid waste disposal by the Barnstable County Solid Waste Advisory Committee and the Five Town Solid Waste Committee culminated with a recommendation that all Cape towns join in a regional solution and participate in the SEMASS Energy Recovery Project planned to be built in Rochester, MA. The Sandwich Board of Selectmen, wishing to position the town for potential implementation of this recommendation, appointed in August of 1984 a Solid Waste Advisory Committee and charged it with the investigation of those local issues which would be necessary elements of SEMASS involvement. Specific among them are:

1. Transportation of refuse to Rochester
2. Size and definition of waste stream
3. Design of a transfer station
4. Back-up landfill
5. Methods of payment.

The Solid Waste Committee has met twice monthly since its inception. It has consulted with some experts in the waste disposal area and has coordinated with the Board of Health which manages the landfill. Its intention is to continue to gather information through various means, to sort and assimilate this information, and to present it as a report to the 1985 annual town meeting.

Respectfully submitted,

Report of the **COUNCIL ON AGING**

The purpose of the Sandwich Council on Aging is to act as a community resource and advocate to create and promote opportunities for the optimum in health, independence, and well-being for elders of Sandwich.

Established in 1972 the Council coordinates with many other agencies in the Town to further the well-being and independence of the senior citizens of Sandwich. Although not funded with large amounts from taxation, the Council receives some funding, if necessary, from the Friends of Sandwich Seniors.

Reassurance calls made by the Coordinator of Social Services were 2,981 and miles travelled for errands and friendly visits were 2,050. Friendly visits amounted to 310.

Hours logged for the van for the year were 2,536 (by volunteer drivers). Medical appointments for seniors by private car amounted to close to 1,000 hours and the mileage also was very high with visits to Boston, Falmouth, and Hyannis and Sandwich.

Last year the Council requested funds for a much-needed 12-passenger van, but due to town meeting action did not get it. Once again the Council is asking for the van and is hopeful that Town Meeting action will be favorable. Since last year the van has 7,293,780 passenger miles.

We thank our office staff consisting of Bradley Kellogg and Trudy Harris and our instructors Ruth Sobolewski and Bertha Backer and the many volunteers who have aided the Council. Last, but not least, we thank the town officials and the citizens who have helped to fund the Council.

Our telephone number is 888-4737 and the office is open from 9 a.m. to 3 p.m.

Report of the **VETERANS' AGENT**

The District Department of Veterans' Services Office is located in the former Town Hall, Main Street, Hyannis, MA. The telephone number is 775-1120. Our hours of operation are from 8:30 a.m. through 4:30 p.m. Monday through Friday.

1984 has been a very busy year for our office, as again, we have exceeded 6,300 contact walk-ins.

We have tried, in a professional manner, to be a one-stop center for the Veteran and his dependent in such areas as Insurance, Hospitalization, Education, Pension, Compensation, Real Estate Tax Abatement, Fuel Assistance, Medical and Financial Assistance. We have also seen a remarkable increase in areas as Agent Orange, Post Vietnam Syndrom, Drug and Alcohol Abuse.

Our Staff works very closely with various Departments within the Towns and if it wasn't for their cooperation our job would be extremely more difficult. I wish to thank them for their support.

We urge all Veterans and dependents to contact us regarding any matter as we are here to support you.

Following is a brief report from the Department Investigator.

Sidney L. Chase
Director and Agent
District Department of Veterans' Services

INVESTIGATOR'S REPORT 1984

In 1984 approximately 210 new applications from Veterans and their dependents were processed and investigated for assistance in accordance with Chapter 115 of the Massachusetts General Laws.

Among the many job responsibilities rendered by our office are the completion of the Veterans' Administration annual income questionnaire cards, required of every recipient of monetary benefits and the Federal/State emergency fuel assistance program for those who are eligible.

We made referrals to the Federal, State and local agencies for those in need and we are continuing to provide itinerant services to member Towns outside the Town of Barnstable area on a monthly or as needed basis. Contact the main office for time and location.

I wish to thank the office staff for their support and cooperation which they have rendered throughout the year.

Report of the VETERANS' GRAVES OFFICER

Honorable Selectmen
Town of Sandwich, Massachusetts

The Cemeteries were surveyed and service markers were placed at gravesites at various times during the year. Many persons from out of Town and State are brought here and hopefully I have been able to locate them in my survey of Cemeteries.

Legion members and interested persons assist me for the Memorial Day decorations. As these flags get rather weather beaten, they are removed shortly after the 4th of July.

On November 11th, the Memorials at Town landmarks of our fallen members are decorated with flags and these are taken off in December.

If I should miss any service veteran, please let me know and it will be taken care of.

Respectfully submitted,

Elizabeth L. Currier

Report of the **SHELLFISH WARDEN**

To the Honorable Board of Selectmen
Sandwich, Massachusetts

During 1984, quahogs and oysters were planted in the Old Harbor Area. The shellfishing season will remain the same as in previous years, open on Sundays only for the taking of quahogs, oysters and mussels. It will close for the months of January and February and reopen Sundays during March and April. The only change in regulations was for the taking of mussels. They may be taken on Wednesdays and Sundays from October 1st through May 31st.

The Spooky Hole area was opened for the taking of oysters this year but will close again to be used for an experimental area. It will be opened periodically for the taking of oysters.

The area of Mill creek from the boardwalk bridge to the mouth of Mill creek was closed by the State due to pollution.

Dock creek was also closed by the State due to pollution.

Thanks to the Deputy Wardens, Park Department and the Highway Department for their assistance during the year.

Respectfully submitted,

Eugene H. Morrow
Shellfish Warden

Report of the **HUMAN SERVICES BUILDING COMMITTEE**

To the Honorable Board of Selectmen
and the Citizens of Sandwich:

At the 1984 Town Meeting, the Human Services Building Committee presented new plans for a 5,466 sq. foot building to house the Council on Aging and the Nursing Department at a site on Quaker Meeting House Road. The budget for this newly designed building would be \$200,000. The Committee was pleased that the new design and site location was favorably received at the Town Meeting.

Plans proceeded with the Upper Cape Regional Vocational School for their students to construct the building.

A Groundbreaking Ceremony was held September 10, 1984. The building was 90% framed by the end of the year.

The Human Services Building Committee would like to thank the following people for their contribution in assisting with the development of the building:

Paul L. Masachi, Masachi Engineering Corporation, for site work; Mr. Alan Jones, Engineer; Otis Air National Guard for providing a crane to place trusses; Mr. James Dowd, Carpentry Instructor at Upper Cape Regional Vocational School, and his Junior and Senior High School students; Mr. William Taylor, Town Engineer;

Richard LeClerc, Assistant Town Engineer; and the Board of Selectmen for their continued guidance and support.

I would like to take this opportunity to thank the members of the Human Services Building Committee for their cooperation and assistance:

David Sampson, Vice Chairman; Marilyn Myers, Secretary; Roland DeConto; Kathleen Currier, resigned; Roland DeConto, Herb Nelson, and J. Louis Roberti.

Respectfully submitted,

Neal A. Pratt, Chairman
Human Services Building Committee

Report of the INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen
and Residents of the Town of Sandwich:

During the past year I have had 19 dog bite reports -- quarantined and subsequently released them -- all free of rabies.

I have inspected 90 farm animals and their shelters. There is no indication of infectious or contagious disease. All horses and all but one pony have been Coggins-tested and vaccinated against infectious anemia and Eastern-Western encephalitis.

Listed below is the census I took for the State Department of Agriculture:

Horses	41
Ponies	11
Goats	13
Sheep	4
Milk cattle	2
Beef cattle	7
Swine	12

Report of the **ARTS COUNCIL**

To the Honorable Board of Selectmen
and the Citizens of Sandwich:

The Sandwich Arts Lottery Council continues to provide a supplemental source of public funds to be used for and devoted to the support and betterment of the Arts and Humanities in the Commonwealth of Massachusetts.

The Arts Council tries to encourage the recognition of, and provision for, the particular needs of the community. Our priority is to support activities which benefit and enhance the Cultural climate of the Town of Sandwich.

Decisions on the distribution and use of the Arts Lottery Funds shall rest with the official local and regional Arts Councils.

An allotment of \$632.00 was allocated for the Town of Sandwich for the six months period beginning January 1, 1985. Grants were awarded to the Sandwich Historical Society and the Cape Cod Choral.

As in the past, the Sandwich Arts Lottery Council will follow the State's directives:

1. To solicit and screen applicants.
2. To submit to the Massachusetts Arts Lottery Council an outline of the planned use of the funds.
3. To distribute the funds received.
4. To make sure that the funds are properly used.

Report of the**TREE WARDEN and
INSECT PEST
CONTROL and
DUTCH ELM
DISEASE
SUPERINTENDENT**

To the Citizens of Sandwich:

This is my third Town report as Tree Warden. These three years have been filled with many uncertainties, the continued spread of the Gypsy Moth, Dutch Elm disease and the steady decline of the Maple due to the salting of roads. But no problem including the great hurricanes, has had the effect of the continued eroding of public funds for trees. We have however, continued to plant trees along our roads in our parks and on our school and library grounds.

Our planting program continued with fifty trees being planted along Town roads. Special projects included planting a wide screen around the tennis courts with cedars donated by Commonwealth Electric and labor money provided by the Advisory Landscape Council. Reverend John Thomas and family donated a twelve foot Spruce to the library. This tree replaces the sixty foot Spruce which toppled during a wet snow fall in early April. The Memorial Tree Program continues to boost the planting capabilities of this department.

The Gypsy Moth continues to cause problems throughout the town. Property owners should pay close attention to this pest and contact me or the Barnstable County Extension Service for news updates and advice.

Dutch Elm Disease in Sandwich has been stabilized due to our sanitation techniques (the speedy removal of disease and beetle infected wood). We continue to contribute to research by the Elm Research Institute by injecting many of our Elms, particularly large Elms located in the Village. Injections of fertilizer and fungicides maintain the vigor and help to prevent the spread of the disease, therefore allowing us the opportunity to prune out infected parts as a way of saving infected trees.

Looking to the future I would like to see increased planting in the Forestdale, South Sandwich area. As this area becomes developed the demand for

street trees increases. As Sandwich in general becomes more suburban, the planting of trees can provide shade in the Summer, purify the air we breathe, stabilize our soils, and greatly improve the appearance of these areas.

I would like to thank the Highway, Engineering, Conservation, Schools and Library Departments for their cooperation and support throughout the year.

I would especially like to thank the Advisory Landscape Council for their continued financial support and encouragement.

Hope to see you all on Arbor Day.

Respectfully submitted,

R. Patrick Ellis
Tree Warden, Insect Pest Control and
Dutch Elm Disease Superintendent

Report of the Ad Hoc BIKEPATH COMMITTEE

To the Citizens of the Town of Sandwich:

The Ad Hoc Bikepath Committee has completed its preliminary design proposal and has submitted it to the Project Review Board of the Massachusetts D.P.W. It is this board which is empowered with the authority to apportion and allocate the money from the annual Transportation Board Issue. If we receive the approval of this group, we will be eligible for full funding of our project. And we continue to receive the support and guidance in our project from both the D.P.W. and the Cape Cod Joint Transportation Committee.

The proposed bikepath will provide a throughway across the town, connecting the Cape Cod Canal Service Road with the Route 6 Service Road and continuing along it to Sandwich's border with Barnstable. Ultimately, the Barnstable Bikepath will connect with the Sandwich Bikepath and the network will, in time, be part of an all-Cape Cod bike route.

The Committee awaits with anxious expectation the decision of the Project Review Board and looks forward to the meaningful work which will come with a project approval.

Respectfully submitted,

Bruce H. Stanford, Chairman
Bikepath Committee

Report of the CONSERVATION COMMISSION

To the Board of Selectmen
and the Residents of the Town of Sandwich:

The Conservation Commission met at 7:30 P.M. on the second and fourth Wednesday of each month in the Mohring at the Sandwich JR./Sr. High School during the past year.

We received a total of fifteen (15) Requests for Determinations and forty (40) Notices of Intent which were acted upon in accordance with the Massachusetts Wetlands Protection Act and the Town of Sandwich Wetlands Protection Bylaw.

We regretfully received the resignations of former members Ronald Nurse and Richard Loring. We welcomed to the Commission long-time Sandwich residents Norma Butler and Andy DeGraw who bring enthusiasm and extensive environmental experience.

The Commission has been actively involved in the development of an open-space plan for the Town of Sandwich in conjunction with officials from the Department of Environmental Management. We applied for and received a state award to cover some of the expense of developing this plan. An open-space plan is a prerequisite for eligibility for state land acquisition monies.

In addition, subcommittees of Commission members have met to 1) continue discussion of long-term and short-term goals for conservation land management, 2) formulate regulations for administering the town Wetlands Protection Bylaw, and 3) develop a town conservation "wish list" including funds for technical advice on land acquisition and a conservation resource library.

During the year, the Commission gratefully received much input from town residents concerning private and public projects occurring in environmentally sensitive areas. We look forward to continued interest and dialogue with citizens as Sandwich faces the challenge of accelerating development and land use.

Report of the Sandwich **HISTORICAL COMMISSION**

To the Honorable Board of Selectmen:

The Historical Commission was established in 1971 under state law, and is responsible for researching and maintaining information on our surviving historical assets. This is a study group, unpaid except for office expenses, which has valuable reference files for use by citizens, by Town and State bodies, and by the Commission itself to propose useful output such as tourist maps, school classes, walking tours, descriptive booklets. Our files and associated photographs and maps are kept at the Commission's offices at the Archives Center, 145 Main Street, and are public documents available for study and copying. They describe five classifications of assets:

1. Buildings, 100 years or older, plus more recent public buildings or churches.
2. Structures such as the Boardwalk, bridges and dams.
3. Monuments such as statues or boulders with plaques.
4. Burial markers, tombs, and cemetery areas.
5. Sites of importance such as Christophers Hollow, the Old Briar Patch, the Glass Factory areas.

During the year valuable historical photos were received from Carolyn Crowell, Bill and Mae Foster, Claudia Forni, and Robert Ellis. We made copies of 114 photos of Sandwich from the Society for the Preservation of New England Antiquities in Boston. Our photograph and slide collection has been catalogued for ready access.

Research done during the year has included analysis of fifty old houses in East Sandwich for which the series of owners was described by Quaker Susan F. Hoxie; studies of owners of the Quarter House, the Helen Latimer Cape on Main Street, the Lindens on Water Street, the Wing Howland house on Morse Road, and the Town Neck pasturage area; and a start was made on listing the three volumes of re-recorded deeds from Sandwich following the fire in the County building in 1827.

The Commission's photographs, maps and files were of great value in assembling the new town history book "Sandwich, a Cape Cod Town" in process of publication at year end.

Report of the **CLARK-HADDAD MEMORIAL BUILDING TRUSTEES**

To the Honorable Board of Selectmen
and the Citizens of the Town of Sandwich:

Submitted herewith is the report of the activities of
your Trustees of the Clark-Haddad Building:

This past year has been one of increased activity by
the Senior Citizens of the Town, the middle aged
and some of the younger organized groups using
the premises at least once a month as well. There
are at the present time 16 different groups using
the premises at least once a month.

Meals on Wheels are prepared and distributed from
here five days a week and the Congregate Meals
are prepared and served here twice a week to
groups 20 to 30 in number.

The Sandwich Council on Aging maintains its office
here and keeps in contact with those elderly who
require assistance and attention. Here too they
have Art and Craft Classes for those with artistic
leanings and enjoy the companionship of others
who do.

The Clark-Haddad building is the starting point for
BIG and little bus trips for the elderly; it is where the
Cheese and Butter is donated to those who meet
requirements and it is the fun place to go to and
enjoy the company of your Fellow Man.

The 1985 Operational Budget for the Clark-Haddad
Building is only \$6,846. Can You Believe It ???

Respectfully submitted,

Channing Hoxie

Report of the **GAS INSPECTOR**

To the Honorable Board of Selectmen
Sandwich, Massachusetts

I hereby submit my annual Gas Inspectors report
for the calendar year 1984.

There were 176 permits issued in the past year for
the installation of gas services and appliances.

The suppliers and the licensed installers have been
most co-operative and responsible in their work.

I would like to thank the Selectmen, citizens of
Sandwich, the various installers and contractors,
and the office staff for their continued co-operation
during the year.

Walter T. Fagnant
Gas Inspector

Deputy Inspector

Report of the Sandwich **ARCHIVES and HISTORICAL CENTER COMMITTEE**

To the Honorable Board of Selectmen:

The Archives Center was set up in 1977 as a Town
Agency to bring together historical information on
Sandwich from all sources. A new town history has
been a key element in our planned output and was
financed through items in the budgets for FY 1983
and 1984. Work on this book was completed late
in 1984, and publication is expected about
February 1, 1985. About 350 Sandwich residents
have paid in advance as subscribers to this book,
and another 300 copies will be mailed to other
advance subscribers around the United States. We
regret that the completion of this important Town

project took longer than anticipated. The author is Mr. Russell A. Lovell, Jr., Town Archivist/Historian. Mrs. Barbara L. Gill, Mrs. Caroline Kardell and Mrs. Edna Petitjean helped in assembling and reviewing the book, while typing was done by Mrs. Kathleen Pond, Mrs. Dorothy O'Connor and Mrs. Amanda Blaisdell.

While the completion of the town history required our principal efforts, other projects were also completed in 1984. Mrs. O'Connor recatalogued our reference books at the Archives, using Library of Congress reference numbers. The Federal Census of 1910 was studied showing an overall decline in town population, but a large number of new arrivals from European countries. The bell at the Wren Church was found to have been cast by the Hooper Company of Medford in 1854, and replaced the Paul Revere bell which had hung in the previous church here from 1813.

Important gifts of historical materials were received and are acknowledged with gratitude:

Clarence E. Haines - a record book showing the actual glass items made by each gaffer's team in the last six months of the operation of the Boston & Sandwich Glass Co. in 1887.

Lombard C. Jones - a record book of the Sandwich Tack Co.

Channing E. Hoxie - historical pictures and papers.

Mrs. Case of Aurora, N.Y. - photos and letters of Joseph E. Marsh, a glassmaker and Methodist evangelist.

Mr. & Mrs. Charles Schmonsees - history of Camp Cotuit.

Mrs. Ida Leino Meade - pictures and slides of 1974 Bicentennial events in Sandwich.

Mrs. Barbara L. Gill Co-Chairman (Historical Commission)	Thru FY 1985

Report of the OLD KING'S HIGHWAY Regional Historic District Committee

To the Honorable Board of Selectmen
and Residents of the Town of Sandwich:

The year 1984 was marked by a great increase in building in the Town and in the Historic District which includes that part of the Town between the Bourne and Barnstable town lines and from the Mid-Cape Highway north to Cape Cod Bay. The committee acted on 307 applications for Certificates of Appropriateness and more than 65 Certificates of Exemption were processed; the largest number since the establishment of the District.

Although the Village Broadside no longer reports on our activities, one of the projects which came before us and gained some publicity was the new berthing building which the Coast Guard proposes to build. Our Committee felt that the plans first submitted to us did not meet the guidelines* for the District. After several meetings with representatives of the Coast Guard command, the plans were changed sufficiently to be more in conformity with our guidelines. We realize that, in general, Federal entities do not come under the jurisdiction of lower governmental units, and we are grateful to the Coast Guard and especially Rear Admiral Bauman for their willingness to make the appearance of their new building compatible with the rest of the area.

Now that the Conway Building is essentially completed, we would like to compliment Mr. Conway and architect Grattan Gill on their fine addition to the street scape in Sandwich. We should also give credit to Paul Dugan for the transformation of the former Gulf station at the corner of Route 6A and Jarvis Street.

Again we must express our regret that a valued member of the Committee, Dan Cullity, felt unable to run for a second term. Our newly-elected member, James Conathan, is a residential designer by trade, and will be a knowledgeable addition to the Committee. We wish to thank Building

*guidelines which the Commission has developed... (for the district).

Inspector, Roland DeConto and his assistants, Betty Costa and Linda Herbaugh for their cooperation and assistance in the office.

Respectfully submitted,

George Sutton, Chairman

Report of the Annual Sandwich Historic District Meeting

Old King's Highway REGIONAL HISTORIC DISTRICT

The Annual Election for a member of the Historic District Committee in Sandwich was held November 22, 1983 at 7:30 P.M. in the Henry T. Wing School Cafeteria.

The meeting was called to order by Mr. H. Eugene Carr, Moderator at 7:39 P.M.

The first business was the election of a Moderator for the ensuing year. Mr. H. Eugene Carr was nominated and elected by Unanimous Vote.

Ballots were then cast for a member of the Historic District Committee for a term of four years. The results were as follows:

Member of Committee	No. of Votes Cast
John H. Blaisdell IV	11
27 Boulder Brook Road	
Sandwich, MA 02563	

There were 11 Registered Voters from the Historic District present.

The meeting was adjourned at 7:45 P.M.

Director's Report of the OLD HOXIE HOUSE

To the Honorable Board of Selectmen
and Residents of the Town of Sandwich:

The summer of 1984 was a comfortably busy season for the staff of the Hoxie House. Our opening day included a group of one hundred executives from the American Public Power Convention, all of whom appeared to thoroughly enjoy their tour of "Sandwich past." As the season progressed, we were pleased to host an ever increasing number of foreign visitors. Also on the increase were tour buses emanating from many eastern cities which have now made Sandwich a part of their itinerary.

An entire day was spent filming the exterior of the Hoxie House for inclusion in a forthcoming American Playhouse mini-series to be shown on PBS in May of 1985. "Three Sovereigns for Sarah" is an attempt by Night Owl Productions to historically recreate the lives of the three Towne sisters accused of witchcraft in Salem in the 1690's. Authentic to the era, the Hoxie House will appear as Sarah's home. The film, following original trial transcripts and records, will be available to schools for educational use and will be shown extensively throughout Europe.

Little did Howard Crowell know that his generous donation of herb plants would one day be seen around the world! My thanks to you, Howard, and once again to Ray Thayer and the Park Department for your fastidious care of the house and grounds. My appreciation must also be expressed to Dave Tucker for the many exquisite roses which have decorated the interior of the building these past years. Again this year, the continued interest and support from the Town Hall and Annex staff are gratefully acknowledged.

A special expression of gratitude must go to our guides Winifred Carr, Paula DeCubellis, Jane Govoni, and Christine Parker for your loyalty and support. Your dedication has made this a most rewarding year at the Old Hoxie House.

Respectfully submitted,

Tina E. Hilliard

Report of the DEXTER GRIST MILL

To the Honorable Board of Selectmen
Sandwich, Massachusetts

As the new Miller in the Town of Sandwich, I have the following groups of people or individuals to thank for success in my initial season. The Board of Selectmen, employees of the Town Hall, and employees of the Town Hall Annex, were most cooperative and helpful.

The Park Department aided and abetted us by performing many chores around the mill, and also keeping our grounds so neat and attractive that they were used for weddings and bridal pictures.

It was a pleasure to work with my co-workers. Co-workers meaning cooperative workers, namely Gerald Brown, Mr. and Mrs. Everett Bull, Mr. and Mrs. James Gridley, Leo Manning, Herbert Nelson, Blake Norris, Mrs. Adeline Pipatti, and John Williams. These people were the core of this whole operation.

Educationally speaking, we were most successful, in that pupils of Sandwich and Barnstable elementary schools took our tour and were enriched in American History and Health Education. Both school departments were very pleased with our program. We will welcome them back next year and for many years to come.

Our residents responded well to our program in purchasing corn meal and bringing guests to see and hear the program. Remember folks there is no admission charge for taxpayers of Sandwich.

I enjoyed the individual tourist and the bus tours immensely. My main aim was to give individual attention to all our guests. Our tourists come from all over the world, but the one who was farthest from home was a family from South Africa. This means that the Town of Sandwich is known all over the world for its uniqueness and natural beauty.

This year we opened June 6, and closed October 11, 1984. Tourism all over was slow. However, September and October proved to be our best months as far as production went. Tours and individuals enjoyed Sandwich during these months.

We definitely have an excellent product for corn products that do not crumble. People know us now and I can see nothing but a very bright future for our product.

Hope to have a prosperous season in '85'.

Respectfully submitted,

Charles F. O'Hara

Assistant Treasurer	Joan M. Harrington
Secretary	David P. Sampson
Superintendent-Director	Arthur L. Sweetman

The Committee reorganized at their May 1984 meeting. John C. Pimental of Falmouth was elected Chairman; Rose M. Merritt of Bourne was elected Vice-Chairman; David P. Sampson was elected as Secretary and Kim Carman was appointed as Treasurer.

Graduation of the Upper Cape Regional Class of 1984 took place on June 3, 1984 at the Massachusetts Maritime Academy. Of the 111 graduates receiving their diplomas, 12% were accepted in trade-related programs at both two and four year colleges and technical schools, 88% were successfully employed, 66% were placed directly in their trade. Approximately 10% had a commitment to report to the Armed Forces in late Summer or early Fall.

Tools of the trade awards were presented to the students who excelled in each of the trade areas. In addition, fourteen students going on to higher

education received a total of \$3,200 from the Upper Cape Regional Scholarship Fund.

Special awards received at graduation included: Highest Academic Achievement Award presented to Michael Cremonini of Bourne, a graduate of the Automotive Department.

The Massachusetts Vocational Association Certificates of Merit for Outstanding Performance and Excellent Craftsmanship were presented to Brian Ritchie and to Teresa Goodwin of Wareham. Teresa was likewise recipient of the Outstanding Citizenship Award.

The following additional scholarships were presented at graduation:

Kim Alves - Falmouth

\$100 - Falmouth Women's Club Scholarship

The Regional School District has received financial assistance under Chapter 70 in the amount of \$213,850, representing payments toward the current fiscal year (1985) operating expenses; \$184,521 under Chapter 71 (16d), Regional School Aid.

The Title I ESEA Grant in the amount of \$103,414 has been approved to provide two full-time tutors, three aides, supplies and equipment for the supportive services of students in language arts and mathematics.

A PL 94-482 Grant in the amount of \$16,632 was approved to provide supplemental shop/related assistance to the 10-12 grade handicapped/disadvantaged student.

A PL 94-142 Title VI-B Grant in the amount of \$18,678 has been approved and is being used to provide two instructional aides, clerical assistance and a part-time psychologist to the Special Needs Program.

A grant in the amount of \$9,567 was awarded under Chapter 74, Apprenticeship Training, for the purpose of Evening School salaries.

Under the Educational Consolidation and Improvement Act (ECIA) of 1981, Chapter 2, a grant for fiscal 1985 was received in the amount of \$4,617 to continue the maintenance of the Basic Skills Learning Center.

I wish to thank all of the people who have utilized our facilities by providing work experiences for our students. It is important to have actual productive jobs, equal to those which are found in the various trades, if the students are going to be successful in an ever changing competitive job market.

I wish to thank the members of the school committee, advisory boards, school employees, and the town and school officials of our district for their continuous support. The success of our school is due primarily to the dedication of people committed to providing relevant vocational-technical education.

Report of the Sandwich COMMUNITY SCHOOL

To the Honorable Board of Selectmen
and Citizens of Sandwich:

In order to gain strong support from the Community, public schools must actively involve all segments of the Community not just those persons involved in the education of the young. The Town of Sandwich has developed an educational system where the school facilities have become centers of community learning for over 4,000 people who participate in Community School Programs. Under the guidance of the Community School Executive Council the following programs were offered: Evening Enrichment Courses; Pool Courses; Gymnastics; Theater & Dance; Summer Camps; Summer School; Driver Education; Town Swim Team; Lacrosse Team; Girl's Soccer Team; Little Red Schoolhouse Pre-school Program; Extended Day; Roller Skating; Playground Cooperative. I would like to express my sincere appreciation to the following Executive Council Members for their time and efforts in making the Sandwich Community Schools a model for other communities: Robert Nolan, Chairman; John Gmeiner, Vice-Chairman; Cheryl Craig, Secretary; Sophie Glebow; Jack Murphy; Jim Foley; Polly Galliker; Robert Alexander; Daniel O'Connell; Ellie Gaffney; John Pierce. Without Community oriented people such as these, the Community Schools certainly would not know the success we presently enjoy.

As always, I urge all citizens of Sandwich to take advantage of the excellent facilities you are fortunate to have. Should you have any questions or suggestions regarding Community School Programs, please call 888-5300 for more information.

Craig Eldredge, Director

Report of the SCHOOL BUILDING NEEDS COMMITTEE

To the Honorable Board of Selectmen:

The School Building Needs Committee agrees to finalize its findings and submit them to the Selectmen with the suggestion that it be "disbanded" and that the Selectmen appoint a School Building Committee at their earliest convenience, so that said committee could work on site, size and other matters, even though they could not ask for funds for plans and specifications until Town Meeting, May 1985. This action could save considerable time as there appears the distinct possibility that we will run out of space before additional space can be created.

General Information

SCHOOL COMMITTEE MEETINGS

School Committee meetings are held at 7:30 p.m. on the fourth Wednesday of each month at the Sandwich Elementary School.

SCHOOL ENTRANCE

Kindergarten:

Any child resident of Sandwich may attend Kindergarten provided he/she has reached the age of five years on or before September first of the year of entrance.

The State Laws require that all children seven years of age and over, who are physically and mentally able, attend school.

BIRTH CERTIFICATE

A birth certificate is required for all children entering either Kindergarten or Grade 1.

MEDICAL REQUIREMENTS

Medical requirements for school entrance are immunizations, according to the General Laws of Massachusetts, certified by a doctor.

State Regulations: The School Committee or Board of Health shall cause every child in the public schools to be separately and carefully examined by a physician duly registered in Massachusetts within six months before entrance to school or during the first year after entrance and at intervals of either three or four years thereafter.

NO SCHOOL

Every effort will be made to have school whenever feasible. On days when transportation by bus is impossible, school will not be in session. Notice will be broadcast over radio stations WQRC, WOCB, WCIB, WCOD, WBZ, and WHDH beginning at 7:00 a.m. In addition, there will be signals from the fire stations at 7:00 a.m. and 8:00 a.m. as follows: four signals from the East Sandwich and Forestdale Stations and the Sandwich Station will sound 2 pause 2 signal four times. In the event that it becomes necessary to close school before the regular dismissal time due to power failure, severe weather conditions, etc., the above radio stations will broadcast this information at 12:00 noon.

Report of the Superintendent of Schools

To the Citizens of the Town of Sandwich:

This is my fifth annual report as Superintendent of the Sandwich Public Schools to the citizens of Sandwich. While many facets of the school scene have remained constant such as outstanding student achievement, we have also witnessed some dramatic changes. The High School is now being administered by an entirely new management team introducing new objectives and a new philosophy which is very exciting and uplifting to teachers, parents and students.

After a couple of years of low growth rate, the school population is now resuming the rate of growth which was formerly taking place prior to the introduction of high interest rates on home mortgages. The student enrollment has increased 6% over October of 1983 to October of 1984 and is still growing. Despite the student increase accompanied by financial limitations, we look positively to the future. In the next year, we hope to achieve the following goals:

1. Evaluation and further development of Gifted/Talented program offerings.
2. Evaluation and coordination of guidance and special education offerings.
3. Review and improvement of substance abuse curriculum.
4. Organization of reading skills development at the junior high level.
5. Continued development and requirement of junior high school program.
6. Establishment of a sequential writing program at the secondary level as the central focus of the English Department with critical thinking skills, language instruction and literature as integral components.
7. Development of a comprehensive plan of computer literacy K-12 assessing hardware and personnel needs.

However, as with every Town Department, the struggle to continue to provide a quality of service which the parents of this community desire for their children becomes increasingly difficult in the face of declining money and a growing population. The continued efforts and enthusiasm of our administration and teaching staff is to be commended for their unrelenting effort to provide our students with full value of citizens' tax dollars, which has provided the quality of education which has made our student achievement outstanding

among Cape communities. This enthusiasm is kindled and rekindled by the caring interest and involvement of so many sincere parents in this community whose presence and unrelenting dedication has been an inspiration to all of us.

I urge all citizens and particularly parents to take the lead from those who have made the time to become informed by attending School Committee budget meetings. The schools need everyone's support now more than ever. I thank all of those parents and citizens whose interest and concern have provided us with the motivated and enthusiastic student body which we have to work with. Without your input, our efforts would be ineffective.

In closing, I am certain our professional staff all join me in pledging our total support in continuing to provide the finest education possible.

Respectfully submitted,

Joseph F. Nicholson, Ed.D.
Superintendent of Schools

Report of the Sandwich Junior/Senior High School Principal

At the high school level enrollment continues to increase each year and is predicted to continue for several more years. On February 1, 1985, the total school enrollment was 1,040 students, which is an increase of 14 students over the previous year. Seventh and eighth graders reported to the Junior/Senior High School on the 5th of September, 1984. 369 students were welcomed and spent their first day meeting in the auditorium and attending classes. The Junior High students reported a day earlier than the Senior High School in order to make their first day a bit less confusing. The following day, 658 Senior High students reported, and the school year began.

This has been a year filled with change at Sandwich High School. The entire school community has had to adjust to a new principal, assistant principal, guidance counselor, many faculty replacement and a new athletic league.

As the new principal, I must note my pleasure and gratitude for the cooperation and support that has been extended to me by everyone. I continue to be deeply impressed by the quality of our student body and the caliber of faculty, department heads and support staff. I am also indebted to the parent's group (S.H.A.P.E.) for their consistent efforts in behalf of our school.

Working together, we have taken a step forward in advancing both the climate and morale of the school. Effective lines of communication have been developed and we have honored a commitment to increase the representative involvement of all groups in decisions that define program and policies.

Our students continue to excel in every area of this comprehensive high school. While a complete list would be too long to include, students have distinguished themselves in scholarship, citizenship, music, drama, art, athletics and community service. There is just cause for everyone to be proud of these accomplishments.

As we look ahead to 1986, there are serious concerns regarding the lack of financial support for our programs. Since 1978, the school has adjusted itself to a series of major cuts in its operating budget. Unless there is a significant change in this financial picture, we will be forced to dismantle programs that have defined the quality and comprehensiveness of our school.

The inescapable truth is that our cost per pupil is \$200 less than the state's average. With 1,050 students at the Junior/Senior High School, this means that we have \$210,000 less than the average Massachusetts high school. This reality is imposing an enormous strain that severely undermines the condition of facilities, replacement of critical equipment, adequate supplies of paper and instructional materials, proper staffing and supervision, adequate textbooks and transportation.

We are a growing school that must provide for the diverse needs of a comprehensive community. Continued problems with funding is certain to jeopardize the great reputation that our schools have enjoyed both on and off the Cape.

The brunt of minimizing the disruption created by inadequate support can no longer be borne exclusively by the school. There will have to be a number of difficult choices made concerning the level of services being offered by this school.

Respectfully submitted,

John R. Pierce
Principal, Sandwich High School

Report of the Elementary School Principal

School population has reflected a noted increase over the previous year. At the time of this writing, December 1984, one hundred eleven (111) new students have given rise to a total enrollment for Kindergarten to Grade 6 of one thousand eighty one (1081). Enrollments by grades appear elsewhere in this report and should be reviewed by the citizens in the Community in order to more fully understand specific educational issues. Growth always brings the need for additional or expanded services; in this case educational.

The Elementary School Parent Advisory Council's work continues - with many sub-committees working to provide and/or meet school needs. At major effort continues to be School Volunteers. Volunteers have become the backbone or an essential ingredient in our Great Books Program and will be extended with our first informal effort with the Future Problem Solving Program. Without these volunteers, the aforementioned programs just would not be.

Two other Parent Advisory Council projects that got underway in 1984 was the International Folk Festival, which brought so many people to our school sharing cultural expertise, experiences and understanding with the students in all grades. We began our 1985 plans shortly after finishing our first effort and we have high hopes to expand and broaden our efforts. Our most recent joint effort has been relative to the well being of children, which is our "Call In - Call Back" system and sign out for early dismissal. This is a preventive effort in response to much we hear and see in the media relative to the unknown disappearance of young children. We appreciate the supportive response from all sources.

As the current year comes to an end, it is worthwhile to further note another change made. As all of us remember, Elementary School during the seasonal holidays was a time for gifts, food and parties. We have kept the tradition, but have added a concept of giving to those less fortunate. With parental support we have attempted to discourage the gift exchange and also reduce the amount of food at parties and urge students to find ways to earn money they would be willing to donate. The majority of the donations went to the Cape Cod Needy Fund with a smaller amount to the Salvation Army. The results were most rewarding to all involved. In previous years, individual classrooms or grades had undertaken this effort

and no one had the realization of the impact of such an effort school wide.

Curriculum continues to be reviewed and updated, but with no major changes. Two areas may shortly have some impact in curriculum, which is a Writing Project and a Substance Abuse Project. These projects have received some financial support from the Commonwealth for study and development of materials for classrooms. The former project was developed by four elementary teachers - Mrs. Johnson, Mrs. Menesale, Mrs. Lewis and Mrs. Kern and involves approximately twenty teachers, while the latter project was a result of recent activity and concern brought forward by People Organized for Chemical Awareness (POCA). Specific curriculum for grades Kindergarten to eight of a preventive theme will be developed as a direct result of this effort, as well as a review of discipline policies and how help may be provided to those in such need.

The area of the Arts, received attention with another project developed by our Curriculum Coordinator, Mrs. Celata, which was for grade four and partially funded by State money with matching funds from other sources, such as PAC, American Legion, Lions and Kiwanis. This project will bring the Boston Arts Group to grade four with dance, drama and visual aid, all focusing on whales and the whaling experience as their central theme. A limited amount of activity will involve the entire elementary school.

In closing this report, we extend our appreciation to the School Committee and to all the citizens of this fine community for their continued support in the many forms that this support takes.

James G. Dolan

Report of the Director, Special Education

The number of students needing special services has increased on an average of 7% per year over the last four years. During that time we have increased services within the normal school

program by adding two programs, one at the primary level and one at the Junior High level. We have also added a Pre-School Language Development Program which, for the first time this year, serves three, four, and five year old children with speech or language delays. These programs have increased the scope of our services much more than the number of additional children whom we are able to serve. They have made services to certain low incidence groups of students more integrated and cost effective by providing programs within the Sandwich School System rather than transporting them to Collaborative programs or other public school programs in neighboring towns. As vital as this type of programming is, it does not address the needs of the large number of students whose needs do not require substantially separate programming, but who are served within the Elementary, Jr. High, and High Schools in a combination of regular classroom study and Resource Room special study.

The staffing patterns and methods of delivery of special services that are currently in use are functioning beyond 100% capacity. A new conception of the partnership between Special Education and mainstream education is necessary to meet the needs of students without further straining the resources of the Sandwich School System. Planning, discussion, In-Service work, and consultation is going on in order to create new modes of service so that students with atypical learning patterns will be served in compliance with the mandate of Chapter 766 of the General Laws of Massachusetts and Public Law 94-142 of the Federal Laws; service of special needs students in the "least restrictive alternative" program option, which is within the regular classroom, as much as possible.

The Special Education Staff, in cooperation with the faculty and administration of the Elementary, Junior High and High Schools increased the ongoing effort to facilitate appropriate adaptations to mainstream classroom education so that students with special needs can access the full richness of the curriculum.

The Special Education Staff focused effort on two areas: Prevention and Early intervention and Mainstream adaptation. Our Pre-School Screening Program, Parent Education Program both address the first goal.

Ann Baker, Ph.D.
